9. QUESTION: (INCLUDE SCENARIO IF NEEDED FOR CLARITY):

Per ACL 12-74 the counties are being directed that when issuing Expedited Services to certify HH's for the maximum certification period allowable in accordance with the HH's circumstances. Does this mean we no longer have 1 or 2 month certification period? We would give a 6 month, 12 month, or 24 month certification based on the HH's circumstances even if verifications are postponed? The case would still discontinue after 1 or 2 months if the verifications have not been received even though given a 6,12, or 24 month certification period?

10. REQUESTOR'S PROPOSED ANSWER:

Yes, each HH is given the maximum certification period allowed for their given circumstances. (6,12, or 24 months) The case would discontinue and no further benefits would be issued past the first or second month if verifications are postponed and not received within 30 days of application.

11. STATE POLICY RESPONSE (CFPB USE ONLY):

Yes. Per ACL 12-74, CFR 273.10 (f)(3)(iii), and MPP 63-504.1, counties must assign the maximum certification period allowable for standard application and Expedited Service processes based on the predictability of the household's circumstances. One or 2 month certification periods have not been eliminated and may be assigned consistent with the household's circumstances when it appears likely the household will become ineligible for benefits in the near future. These instances may be rare.

Per ACL 12-74 and CFR 273.2 (i)(4)(A) and (B), under Expedited Service, verifications that are postponed must be completed within 30 days of the date of application. Benefits are issued for one or two months depending on whether the application was filed on or before the 15th day of the month or after the 15th day of the month. If verifications are not completed within 30 days of the date of application, the case will be discontinued, and the household will (cont'd on page 2)
